

Chassis

Ascentac OCAMS2010

| Description

Ascentac OCAMS2010, Chassis of Remote Test Unit (RTU) with standard 6U design, can be mounted in 19, 21 or 23-inch EIA-310 racks. The outer frame is rust-proof. In addition, the chassis is equipped with fans which provides quite excellent heat dissipation. Fans can be easily taken down for cleaning or replacement.

Ascentac OCAMS2010, Chassis, has 17 slots whose numbers from right to left are 1 to 17. Slots 1 to 4 are generally fixed with Power Supply Unit (PSU) and Monitor Control Unit (MCU), while other modules can be mounted in other slots at will.

Appearance

- 1 17 slots
- 2 Ground point
- 3 Serial port, RS485 interface for concatenating chassis
- 4 Alarm output port
- 5 Fans for heat dissipation with replaceable design
- 6 Filter screen with replaceable design
